dynamic source manufacturing inc.

DYNAMIC SOURCE MANUFACTURING

MAKING *CONNECTIONS* THAT LAST

Advanced North American Electronics Manufacturing

26 YEARS OF ELECTRONICS MANUFACTURING EXPERTISE

2 MIRRORED FACILITIES IN CALGARY, AB & TEMPE, AZ

8 CORE INDUSTRIES SUPPORTED

- Security & Defense
- Automotive
- Communications & GPS
- Industrial Automation
- Energy
- Medical
- Audio Entertainment
- Gaming & Digital Displays

Powered by Advanced Manufacturing & Turnkey Execution

dynamic source manufacturing inc.

What We Do

At DSM, we help OEMs bring complex technologies to market through high-mix manufacturing delivering precision electronics, control systems, and mission-critical hardware.

- Precision PCB assembly (SMT, through-hole assembly, wave and hand soldering)
- Box-build & full system integration
- Advanced testing, inspection & quality assurance (SPI, AOI, X-ray, functional test)
- IPC Class 2 & 3 manufacturing standards
- End-to-end turnkey manufacturing & supply chain management
- Material traceability & MES-driven production control
- Conformal coating & specialized post-assembly processes
- Lifecycle support, including repair and end-of-life services

CERTIFIED ISO 9001:2015 COMPANY

CONTROLLED GOODS PROGRAM CGP REGISTERED

INTERNATIONAL TRAFFIC IN ARMS REGULATIONS ITAR REGISTERED COMPLIANT COMPANY

AS9100 Targeted for Q2 2027

IPC

CLASS 2
Dedicated Service Electronic Products

CLASS 3
High Reliability Electronic Products

Value-Driven Partnerships

Data-driven program management, decision-making, and supply chain intelligence for high-performance outcomes.

Strong cost competitiveness through efficient North American manufacturing and optimized supply chains.

Flexible NPI-to-production support tailored to your unique program needs.

Technical Sophistication

Cost Competitiveness

Flexibility

Duane Macauley

PRESIDENT & CEO

“I founded DSM 26 years ago with a vision to pair strong technology and operational systems with responsiveness and agility, building trust through consistent execution.

Today, DSM is investing in its facilities and people, focused on delivering technical capabilities, cost-effectiveness, and flexible solutions that allow our partners to succeed across borders.”

THANK YOU

Let’s talk about how we can support your product manufacturing and supply chain across North America.
